

## Stress BP End of Life Notice

February 1<sup>st</sup>, 2017

The product taken End of Life (EOL) is the Tango+.

SunTech Medical, Inc. confirms that the Tango+ Stress Exercise Blood Pressure monitor effective July 31, 2013 is End of Life (EOL). These monitors are part numbers: 99-0042-XX and 99-0043-XX.

Technical service and support for any Tango+ will continue for ten years after the purchase date of the unit or as long as components can still be ordered for service.

The Tango M2 Stress BP monitor, launched in July 2013 replaces the Tango+. For more information on the Tango M2, please visit our webpage: [www.suntechmed.com](http://www.suntechmed.com).
